

CANCELLATION PROCEDURES 2017

In the event that there is a decision to cancel the tournament due to weather conditions, the management of Bellevue_ will make this decision by 9:00 am on July 5, 2017.

The notice will then be posted on the ACRA website www.acracan.org shortly thereafter.

If there is any question whatsoever about the tournament, players would be wise to consult our website on July 5.

If the management cancels the tournament, all players will receive rain checks that must be used during the 2017 golf season.

If the management declares the course fit for play in the instance of poor weather conditions, rain checks will be issued to players who choose not to play on July 5. These rain checks must also be used during the 2017 season.

In either instance, the meal will be served around 7:00 p.m. to players who choose to attend.

There are no rebates for players who choose not to partake of the meal as ACRA is responsible for the total number of meals for players registered as per the standard tournament contracts signed with golf courses.
